Themba Mdluli

Entry-level Full Stack Web Developer

77 7th avenue Retreat ,
Cape Town, 8000

 0630628833

thembajsph1@gmail.com
https://github.com/thembajsph

I am a young enthusiastic learner who has experience in Journalism but would like to broaden my knowledge in terms of technology and programming. I spend most of my free time bettering myself as an individual and trying things I haven't done before. I enjoy doing back-end development but I would really like to continue learning the full stack of web development in more context and learn more languages

EXPERIENCE

Company, Location — *Job Title*

MONTH 20XX - PRESENT
